

Query

Match objects and describe similarities and differences.

Rank their similarity to the query.

Candidate 1

The storefronts in the candidate have **different branding and colors**.

The candidate **does not show any similar columns**.

While there are similarities in the architectural, the differences in **storefronts, signage, and visible structural elements** make this candidate less likely than the top-ranked candidates.

Candidate 2

The storefronts with signage "**ZARA**" and "**PAPABUBBLE**," are present.

The reference has **a structural column, matching in position and color**.

The description indicates an exact match for **storefronts with signage, tiled flooring, ceiling with recessed lighting, glass storefront windows, and structural columns**.
